WHAT JOY THEY BRING To FVERY HOME

as with joyous hearts and smiling faces they romp and play-when in health-and how conducive to health the games in which they indulge, the outdoor life they enjoy, the cleanly, regular habits they should be taught to form and the wholesome diet of which they should partake. How tenderly their health should be preserved, not by constant medication, but by careful avoidance of every medicine of an injurious or objectionable nature, and if at any time a remedial agent is required, to assist nature, only those of known excellence should be used; remedies which are pure and wholesome and truly beneficial in effect, like the pleasant laxative remedy, Syrup of Figs, manufactured by the California Fig Syrup Co. Syrup of Figs has come into general favor in many millions of well informed families, whose estimate of its quality and excellence is based upon personal knowledge and use.

Syrup of Figs has also met with the approval of physicians generally, because they know it is wholesome, simple and gentle in its action. We inform all reputable physicians as to the medicinal principles of Syrup of Figs, obtained, by an original method, from certain plants known to them to act most beneficially and presented in an agreeable syrup in which the wholesome Californian blue figs are used to promote the pleasant taste; therefore it is not a secret remedy and hence we are free to refer to all well informed physicians, who do not approve of patent medicines and never favor indiscriminate self-medication.

Please to remember and teach your children also that the genuine Syrup of Figs always has the full name of the Company-California Fig Syrup Co.-plainly printed on the front of every package and that it is for sale in bottles of one size only.- If any dealer offers any other than the regular Fifty cent size, or having printed thereon the name of any other company, do not accept it. If you fail to get the genuine you will not get its beneficial effects. Every family should always have a bottle on hand, as it is equally beneficial for the parents and the children, whenever a laxative remedy is required.

THE DOCTOR'S WIFE Agrees with Him About Food,

A trained nurse says: "In the practice of my profession I have found so it to all my patients.

"It is delicate and pleasing to the palate (an essential in food for the sick) and can be adapted to all ages, being softened with milk or cream for babies or the aged when deficiency of teeth renders mastication impossible. For fever patients or those on liquid diet I find Grape-Nuts and albumen water very nourishing and refreshing. This recipe is my own idea and is made as follows: Soak a teaspoonful of Grape-Nuts in a glass of water for an hour, strain and serve with the beaten white of an egg and a spoonful of fruit juice or flavoring. This affords a great deal of nourish ment that even the weakest stomach can assimilate without any distress.

it many times for his patients. "Personally I regard a dish of Grape-Nuts with fresh or stewed fruit as the ideal breakfast for anyonewell or sick." Name given by Postum

In any case of stomach trouble, nervous prostration or brain fag. a 10 days' trial of Grape-Nuts will work wonders toward nourishing and rebuilding, and in this way ending the trouble. "There's a reason" and trial

Save the Babies.

NFANT MORTALITY is something frightful. We can hardly realize that of all the children born in civilized countries, twentytwo per cent, or nearly one-quarter, die before they reach one year; thirtyseven per cent., or more than one-third, before they are five, and one-half before they are fifteen!

jority of these precious lives. Neither do we hesitate to say that many of these infantile deaths are occasioned by the use of narcotic preparations. Drops, tinctures and soothing syrups sold for children's complaints contain more or less opium, or morphine. They are, in considerable quantities, deadly poisons. In any quantity they stupefy, retard circulation and lead to congestions, sickness, death. Castoria operates exactly the reverse, but you must see that it bears the signature of Chas. H. Fletcher. Castoria causes the blood to circulate properly, opens the pores of the skin and allays fever.

Letters from Prominent Physicians addressed to Chas. H. Fletcher. Dr. A. F. Peeler, of St. Louis, Mo., says: "I have prescribed your Castoria in many cases and have always found it an efficient and speedy remedy." Dr. E. Down, of Philadelphia, Pa., says: "I have prescribed your Castoria in particular for many years with great satisfaction to myself and benefit to my patients."

patients."

Dr. J. E. Waggoner, of Chicago, Ill., says: "I can most heartily your Castoria to the public as a remedy for children's compinints. It and found it of great value."

Dr. Edward Parrish, of Brooklyn, N. Y., says: "I have used you my own household with good results, and have advised several paties for its mild laxative effect and freedom from harm."

Dr. J. R. Elliott, of New York City, says: "Having during the pass six years prescribed your Castoria for infantile stomach disorders. I most heartily commend its use. The formula contains nothing deieserious to the most delicare of children."

Dr. C. G. Sprague, of Omaha, Neb., says: "Your Castoria is an ideal medicine for children, and I frequently prescribe it. While I do not advocate the indiscriminate use of proprietary medicines, yet Castoria is an exception for conditions which arise in the care of children."

Dr. J. A. Parker, of Kansas City, Mo., says: "Your Castoria holds the esteem

Dr. J. A. Parker, of Kansas City, Mo., says: "Your Casteria holds the esteem the medical profession in a manner held by no other proprietary preparation. It a sure and reliable medicine for infants and children. In fact, it is the universal susehold remedy for infantile aliments."

household remedy for infantile aliments."

Dr. H. F. Merrill, of Augusta, Me., says: "Castoria is one of the very finest and most remarkable remedes for infants and children. In my opinion your Castoria has saved thousands from an early grave. I can funcish hundreds of testimonials from this locality as to its efficiency and merits."

Dr. Norman M. Goer, of Cleveland, Ohio, says: "During the last twelve years I have frequently recommended your Castoria as one of the best preparations of the kind, being safe in the hands of parents and very effective in relieving children's disorders, while the ease with which such a pleasant preparation can be administered is a great advantage."

Dr. E. H. Nels of St. Paul, Minn.

In a great advantage."

Iv. F. H. Kyle, of St. Paul, Minn., says: "It affords me pleasure to add my name to the long list of those who have used and now endorse your Castoria. The fact of the ingredients being known through the printing of the formula on the wrapper is one good and sufficient reason for the recommendation of any physician. I know of its good qualities and recommend it cheerfully."
